

Dear Neighbor,

I live just down the road from you, so I thought I would ask for your help about an important issue. I'm writing you this note today because I am concerned about the condition of our state and nation.

We know that the Obama presidency is a complete failure, due to the wasteful spending, Benghazi tragedy, IRS scandal, and the catastrophe of ObamaCare. You are a member of my community, so I want your family and future generations to have a bright future, as well as my own.

Right now, Obama and his extremist liberal allies are targeting our conservative congressman, Steve King, with vicious attack ads. Far-left politicians like Nancy Pelosi and Harry Reid are attempting to destroy Steve for his stand against liberal policies like ObamaCare and amnesty.

Simply put, we cannot allow the liberals to get away with these attacks!

That is why I am asking you to join me in volunteering for Congressman Steve King today. To get started, you just need to visit the campaign website at www.SteveKing.com.

I know you've noticed the decay of our great country, which is a direct result of the extremist liberal policies pushed by Obama and his allies. **Let's keep a proven conservative like Congressman Steve King in Congress so he can fight for us!**

Your Neighbor,
